CUSTOMS SLEUTHS SEEK OPIUM  
IN BIG FREIGHTER MISSOURIAN

American-Hawaiian Steamer Here With Cargo and Later  
Mails—Kilauea Back From Kona and Kau With Variegat-  
ed list of Products of Big Island—Arago Ready for Sea  
—Lull in Deep Sea Movements.

Collector Stackable quickly sum-  
moned a detail of customs inspectors  
and watchmen at the American-Ha-  
waiian freighter Missourian on arrival  
of that vessel from Salina Cruz by the  
way of San Francisco and Sound  
ports this morning.

The prodding squad spent some  
hours prowling about the capacious  
hold of the freighter. A still hunt  
was inaugurated in which all cabins  
and quarters occupied by officers as  
well as crew were subjected to the  
most rigid scrutiny.

The opinion seems to prevail here  
in Federal circles that the ports on  
the isthmus of Tehuantepec are ex-  
tremely favored in the smuggling of  
as well as in handling, contraband  
opium.

The charge is made along the coast  
that vessels touching at Salina Cruz  
remain for such length of time that  
quantities of the drug can be spirited  
aboard despite the eternal vigilance  
manifested by the inspectors.

The Missourian, with nearly three  
thousand tons freight, arrived in the  
harbor at an early hour this morning.

Captain Lyons reported a fair pas-  
sage down from the Sound. The Mis-  
sourian brought New York cargo  
which left the east coast of the United  
States on April 18th in the Kansas  
and April 25th in the American. The  
Missourian brought no live stock. A  
few sacks of later mail from the north-  
west were received with the arrival  
of the vessel. The Missourian is  
scheduled to depart for inland ports  
on Monday evening and will call at  
Kauai, Kailua and Hilo, gathering  
at each port a quantity of sugar  
which, before the freighter departs  
from the islands, will amount to ap-  
proximately 12,000 tons.

**Sugar at Hawaii Ports.**  
According to report received with  
the arrival of the inter-island steamer  
Kilauea the following sugar is report-  
ed as awaiting shipment: H. A. Co.,  
3065, Hutchinson 7410, P. S. M. 7509,  
Panilo 24,700, Honokaa 7650, Kukui-  
au 7325, Paohau 6600.

**MORE LATITUDE  
ASKED BY MAUI**  
(Special Bulletin Correspondence.)  
WAILUKU, June 13.—A meeting of  
the Maui Chamber of Commerce was  
held at the office of the Maui county  
Board of Supervisors at 3:15 o'clock  
this afternoon. President F. P. Baldwin  
in the chair. Secretary D. H. Case  
read a letter from W. M. Giffard of  
the Board of Agriculture and Forestry  
regarding the raising of the embargo  
on importation of certain fruits and  
vegetables on Maui. Mr. Case intro-  
duced the following resolution:

"That it is the opinion of this board  
that, insofar as it concerns the inter-  
ests of Maui, rule 15 might with safety  
be changed so as not to include those  
fruits and vegetables found by the  
Board of Agriculture and Forestry not  
to be easily affected by the Mediter-  
ranean fruit fly."

An amendment by Mr. Howell to  
omit the word "easily" was lost and  
the original motion was then put and  
carried.

An invitation from Secretary Elliot  
of the Hilo Board of Trade, inviting  
the Maui Chamber of Commerce to  
visit Hilo next September, along with  
other commercial bodies which will be  
present at Hilo by invitation at the  
same time, to discuss certain problems  
pertaining to the general good of the  
Territory, was received and the invita-  
tion accepted. The matter, however,  
was referred to the committee on  
commerce and agriculture—J. N. S.  
Williams, chairman—which will incor-  
porate certain matters of public inter-  
est in the plans of the Hilo meet.

The matter of the Kihel wharf was  
discussed. Mr. Pogue said that from  
the engineer's point of view the en-  
gineer's recommendation of the pro-  
posed site half a mile away from the  
present landing was right, but from  
the seaman's viewpoint—and that is  
the matter to be considered seriously—the  
present site is preferable, and their  
view will have to be accepted as the  
only correct and right one.

Mr. Penhallow suggested the plant-  
ing of trees as windbreaks on the Ki-  
hel road, a suggestion which will be  
acted upon as a matter of course.

At 4:30 o'clock the meeting ad-  
journed.

ODDS AND ENDS  
AT THE PORT

Sailing in ballast, the schooner Re-  
pent departed for the Sound yesterday  
afternoon.

Some repairs are being made to the  
yacht Hawaii I, now on the local mar-  
ine railway.

Some fast work is being done in  
putting the finishing touches to the  
new Richards street wharf.

The Matson Navigation liner Wilhel-  
mina is expected to arrive from Hilo  
on Sunday morning.

Van quantities of baled hay, arriv-  
ing here in the Manchuria, are now be-  
ing removed from the Alaokha wharf.

The transport Thomas, sailing for  
Manila by the way of Guam this morn-  
ing, carried a mail for the Philippines.

There will be no mail from the main-  
land until the arrival of the Matson  
steamer Honolulu, due here on next  
Tuesday.

The Japanese liner Nippon Maru,  
scheduled to depart for the Coast on  
next Tuesday, will carry the next mail  
for the States.

The cable-supply schooner Florence  
Ward has been hauled down from the

marine railway and will soon depart  
for Midway Island station.

The prospect of a dustless water-  
front is one hailed with delight by lo-  
cal shippers and others whose busi-  
ness calls them daily to the several  
wharves.

Arriving at San Francisco on June  
13th looks bad for the barkentine Sail-  
or Hoy, which vessel was persistently  
followed by a well-defined and husky  
hoodoo during a four months' voyage  
to the South Seas.

The Pacific Mail intermediate liner  
China is about as likely to be operat-  
ed on the Australian run under the  
Oceania company house-flag as would  
be the inter-island steamers Mauna  
Kea or the Claudine, according to a  
well-founded opinion of local shipping-  
men.

WASHINGTON, D. C., June 3.—An  
executive meeting of the Senate Inter-  
oceanic Canals Committee was held  
today to consider the Panama Canal  
bill, hearings having ended on the bill.  
It was announced that the bill proba-  
bly would be reported to the Senate  
this week.

While nothing was made public con-  
cerning the conference, it is believed  
that the committee will accept the  
House provisions of free tolls for  
American coastwise vessels and pro-  
hibiting the passage through the canal  
of railroad-owned ships. There were  
rumors today that the committee  
might report for free tolls for all  
American ships engaged in foreign  
trade as well as coastwise vessels.
